

All skips supplied are from third parties with whom we have contracts agreed.

Skips are suitable for the following:

- House / Garage Clearance.
- Builders Waste.
- Factory Clearance.
- Soil / Rubble.
- Plasterboard (cannot be mixed with other products).

Non-permitted Waste:

- Aerosols, Asbestos,
- Batteries,
- Carpet (large amounts), Chemicals, Computers,
- Dishwashers
- Electrical Waste / Unlisted Electrical Items
- Fire Extinguishers, Fluorescent Tubes, Filters, Fridges, Freezers, Fuels
- Gas Cylinders,
- Hazardous Treated Wood,
- Liquids,
- Mattresses,
- Oils,
- Paint Cans or Tins (full or empty), Plasterboard cannot be mixed with other products.
- Silicone Sealant Tubes,
- Tyres, Tracks, Televisions, Tumble Dryers
- Washing Machines.

Customers will be charged per item should any prohibited item be found.

Often if the skip is filled above the max fill level you will be charged for the next size skip or be charged a failed collection fee.

### 1) How long can I keep a skip for?

21 days is the normal hire period, however we won't collect the skip without informing you first / or you off hiring the unit.

### 2) How much notice do I need to give before delivery or exchange of a skip?

The morning before the preferred day of delivery is ideal, if you know before this then you can still book with us, the earlier the better.

### 3) What type of materials can I put in my skip?

The list is vast, have a look at our terms and conditions it will tell you what you cannot put in, if you are still unsure call our sales team for advice.

### 4) Do I have to keep materials separate or can I put everything in one skip?

All our skips come back to our Waste Transfer Station for segregation and recycling, feel free to mix the waste.

### 5) Can the skip drivers position a skip over my wall?

If the wall is low then normally yes, however beware we are not responsible for any damage caused as we are acting on your instructions. We would suggest you are on site to supervise the manoeuvre.

### 6) What size skip do you think I need?

Almost impossible to answer, remember though 6 yard skips are the largest you can use for soil and hardcore

### 7) Can I put a skip on the road?

With the council's permission yes you can, we apply for the road permit have a look in the road permit section it will explain the procedure

### 8) Will the lorry fit in my drive?

Have a look at our website, it details the width and length of our lorries, if you need further help call our sales team.

### 9) Can I put boards up the side of my skip?

No, we call these "greedy boards", all loads must be level. The company and the drivers can be prosecuted for unsafe loads.

### 10) Can I burn the waste in my skip?

No, definitely not, this is a contravention of the Fire Safety Guidelines and can damage the skip and paintwork. You will be liable for any costs incurred for the replacement or repair of the skip.

### 11) What happens to my waste once you collect it?

The skip teams operate their own Waste Transfer Stations, they recycle as many materials as possible.

Further information is available within the Environmental Protection Act.
